Good to know

The nails are beautifully oiled, and your hands are not dried after removing the nail polish. Delicate scent of lavender will assure you that great self-care is underway right now. Try to compare it with ordinary nail polish removers and you will come back with love for this natural miracle.

How to use

Pour a small amount of Lavender Nail Polish Remover into the middle of a cotton swab and place it on the nail bed. Press gently for a while and then massage the nail bed with a cotton swab until the nail polish is completely washed off. Do not forget to also massage the area around the nail for wonderful hydration. Finally, wash off the excess oil with water and mild soap.
